[Tracks4Crafts](#) project is a European Union fund that examines and transforms the transmission of traditional crafts knowledge (TCK) to enhance the societal and economic valuation of crafts and align them with a future-oriented heritage approach in Europe.

About the Contest

The Videos4Crafts contest is designed to highlight the remarkable excellence within the handicraft sector, particularly focusing on textiles. This contest invites individuals who are passionate about textiles to submit videos that celebrate the innovation or cultural significance of craftsmanship in this sector. Anyone interested in the world of handicrafts is welcome to participate and showcase their creativity and storytelling skills.

Contest theme: Celebrate Craftsmanship's Innovation or Cultural Significance in the Textiles Sector Competition

Submit your video: Participants are required to create a 2-5 minute video showcasing their perspective on the theme. All videos will be examined for their perspective on innovation, sustainability and potential for social impact. Winners will be notified by September 30, 2024. The winner will receive a €500 prize and an exclusive invitation to three distinguished events
