With support from the AEC, the European Performing Arts Students' Association (EPASA) will be hosting its inaugural conference on the 22nd and 23rd April.

This is the first known conference for performing arts students to come together and discuss topics and policies that matter to the community and the sector.

Topics for the first conference feature the green agenda, diversity, championing student voice, digitisation, internationalisation and so much more. There will also be opportunities for participants to propose topics that haven't been scheduled.

The inaugural conference will also be where EPASA hosts their first elections. We will be electing the following vacancies:
