Art & Tech Days 2024: PERIPHERY conference

This year's Art & Tech Days, themed PERIPHERY, invites culture and tech professionals to Košice, Slovakia, from November 18-23 to explore creativity and innovation born from the margins of art, science, and technology. The conference will feature talks, workshops, and exhibitions aimed at reshaping ideas on sustainability, social change, and the future of creative industries.

Organizer: [Creative Industry Košice](#) in collaboration with [EIT Culture & Creativity](#)

Who is it for: Artists, designers, technologists, scientists, cultural innovators, and change-makers

Event Dates: 18-23 November 2024

Where: Košice, Slovakia

Register for the conference [here](#).

About Art & Tech Days

Art & Tech Days 2024 is taking place this November in Košice, exploring the theme of PERIPHERY to unlock new perspectives in art, design, science, and technology. This conference is an

opportunity to experience the dynamic intersection of creativity and innovation, discovering how ideas formed on the fringes drive global shifts and shape our collective future.

Event Highlights

Keynote Talks and Panels: Learn from thought leaders and pioneers who delve into how art and tech from the periphery can address challenges like sustainability, inclusivity, and empathy.

Interactive Workshops: Hands-on sessions to explore cutting-edge concepts, from designing sustainable tech solutions to crafting impactful art.

Exhibitions: Showcase of groundbreaking works that challenge norms and inspire new ways of thinking.

Background

Presented by Creative Industry Košice with EIT Culture & Creativity, Art & Tech Days celebrates the periphery as a source of profound ideas, reminding us how the most unconventional perspectives often become central to change. From street artists like Banksy to innovators like Buckminster Fuller, the periphery has historically shaped impactful narratives that challenge the status quo.
