Balancing Art & Childcare: Artist Exchange in Copenhagen

How can artistic practice inspire doing childcare differently and how can childcare reorganise artistic labour? A 4-day residency where artists, choreographers, and dance professionals explore how creative practice and childcare can reshape each other.

Deadline: September 8, 2024 (with EDN travel support)
October 6, 2024 (without EDN travel support)

Organizer: [Dansehallerne](#) and the [European Dance Development Network \(EDN\)](#)

Who is it for: National and international artists, choreographers, and other dance professionals.

Apply [here](#).

What is it about:

The EDN Carte Blanche Artist Exchange is a 4-day collective residency held in Copenhagen, Denmark, from November 7-10, 2024. This program invites 20 national and international artists, choreographers, and dance professionals to explore how artistic practice and childcare can mutually influence and reorganize each other. The exchange seeks to challenge conventional norms surrounding artistic labor and childcare, offering a space for professionals and children to engage, think, and move together.

Participants will engage in score writing, dancing, talking, and cooking, aiming to foster new methodologies that accommodate both artistic work and childcare. The event, co-organized by choreographers Andrea Zavala Folache and Adriano Wilfert Jensen, focuses on reimagining the dynamics of childcare within the context of artistic practice.

How to Apply:

With EDN Travel Support: Registrations open until September 8, 2024. EDN offers a fixed travel contribution, accommodation for up to three nights, and priority access for EDN members.

Without EDN Travel Support: Registrations open until October 6, 2024. Participants cover their own travel and accommodation costs.

For additional information and more about the eligibility criteria visit [EDN's website](#).
