About the theme

The event analyzes the relationship between body and space, and the hybridization between identities and cultural/physical/social/urban settings in contemporary times, through two main sections: MIXING IDENTITIES and FUTURE LANDSCAPES.

Mixing Identities analyzes the hidden parts of our identities,

through an immersive experience inside the fascinating universe of the complex labyrinths of our consciousness. The human body is a changing system that connects us with other bodies and spaces to perceive the surrounding reality; a strong communication system with its language and infinite ways of expression.

Future Landscapes are abstract, infinite and conceptual, associated with a sense of freedom and infinite extension. Primarily experienced with the mind, spaces redefine their limits and borders, transforming surfaces in an open flow of pure ideas. This section focuses on the concept of the borders and the structures between body, mind and soul, the human identity and the city, the space and the ground.

To be part of the Barcelona Contemporary, send your works' submissions with a CV/biography, some still images (for video art), links to videos/performances and pictures via e-mail to director@itsliquid.com and fill out the form in their [official website](#).
