

Events All Europe Countries Music Performing Arts COVID 19

## Citizens' Garden classical concerts

From 2 September until 30 October, weekdays at 13.00, 30-minute free performances will allow visitors to soak up the new garden.

The Citizens' Garden will host small lunch time concerts to support musicians who, like many in the cultural sector, were badly affected by the COVID-19 crisis. The concerts will include a variety of classical instruments from the string and woodwind families, as well as the accordion and harpsichord. The highly talented musicians are based in Brussels or passing through. The concerts reflect the European Parliament's commitment to culture and its support for young artists.
