CreaTech - Where creativity meets technology

This celebration of the UK's world leading CreaTech community will illustrate the power of creativity, fuelled by technology, to attack adversity with innovation.

It will showcase the pioneering UK talent who have forged new ways to make creative ideas a reality, and engage audiences in the virtual realm. Meet leading speakers and pioneering showcases who will explore COVID-19's catalysing impact on tech-enabled creative innovation.

Hosted by the Creative Industries Council, with virtual London Tech Week, the online CreaTech event opens at 11.00am BST and runs to 5.00 pm, on Monday 7th of September. Throughout the day we'll hear from a host of speakers across the Creative Industries including the worlds of film, music, fashion, games, theatre and advertising.
