Creative Europe presents Perform Europe

Covid-19 has disrupted international touring as we know it. Perform Europe will pilot new models for sustainable & inclusive cross-border distribution of Performing Arts, including digital tools.

Join Perform Europe's online Opening Event on 28 January at 14:00 CET, a key starting point for policy-makers and the sector at large, where they will introduce the project's guiding values and vision, and tell you more about its future online platform and about the opportunities it will be providing for performing arts professionals, from all backgrounds and horizons, in all the Creative Europe countries.

You can read more information [here](#).

Perform Europe is funded by the [European Commission](#) and led by a consortium of 5 organizations, [IETM](#), [European Festivals Association](#), [Circostrada](#), [European Dancehouse Network](#) and [IDEA](#).
