ENCATC | Transformation Policies in Culture and Beyond Online Event

ENCATC is organising an event to discuss major future transformation scenarios and their impact on the CCS and cultural policy.

During this Members Talk, we will focus on transformational policies in the context of culture and other sectors. The Talk is organized by the Creative FLIP project – an EU co-funded Preparatory Action, implemented by a consortium led by the Goethe-Institut.

In recent years, our world has faced major challenges that require profound transformations in society. Culture cannot stand on the sidelines, but right (policy) frameworks for the cultural and creative sectors to be positively involved in these transformations are needed.

The Creative FLIP Policy paper “From Reaction to Action - Collaborative Transformation Policies in Culture and Beyond for Future-Oriented Policy-Making and Action” provides insights into major future transformation scenarios and their impact on the CCS and cultural policy.

Senior Policy Expert and author of the paper Sylvia Amann will present recommendations on how to activate policy-makers and stakeholders on all governance levels to update cultural policy frameworks by the means of new types of cross-sectoral cooperation, and based on the understanding that we can all be actors of positive change.

This event is reserved to ENCATC members and it will be held online.

Event: 30 June 2023, online
