European Cultural Foundation | Call for Curatorial Proposals

CREATIVESUNITE

Co-funded by
the European Union

The European Cultural Foundation announced a brand new commissioning grant as part of our European Pavilion programme.

With this call, the European Cultural Foundation invites legal entities from all cultural and creative fields in Europe and neighbouring countries to submit an ambitious curatorial proposal that will ensure the visibility, accessibility and positioning of the European Pavilion as a major European cultural event in 2024. The European Cultural Foundation is looking for proposals that explore, discuss, interpret and visualise Europe in fresh and imaginative ways: cutting-edge concepts and programming that encourage transnational collaborations between creators, thinkers, doers and communities, leading to a large-scale public event in 2024. Through the creative outcomes of these collaborations, the European Cultural Foundation hopes to inspire Europeans to envision a forward-looking Europe, one that contributes to building fairer, more sustainable societies for all.

The European Cultural Foundation is looking for proposals that explore, discuss, interpret and visualise Europe in fresh and imaginative ways: cutting-edge concepts and programming that encourage transnational collaborations between creators, thinkers, doers and communities, leading to a large-scale public event in 2024. Through the creative outcomes of these collaborations we hope to inspire Europeans to envision a forward-looking Europe, one that contributes to building fairer, more sustainable societies for all.
