

Sound Bridge

Application
Open

Music Armenia Georgia Türkiye Residencies

Found Sound Nation | Sound Bridge Open Call Residency for Musicians

Applications are open until the 24th of March 2023.

Based in Georgia from July 10-31, 2023, the Sound Bridge project will bring together 12 musicians (ages 20-40 years) from Armenia, Georgia, and Türkiye to co-create original music and develop creative approaches to dialogue. The goal of Sound Bridge is to build camaraderie between musicians who are interested in community engagement and connect people across the region through artistic collaboration.

The Sound Bridge program will begin with a residency in Svaneti, Georgia, where selected Fellows will create new musical works, producing an album of recorded material and several short videos. The program will conclude with performances and workshops in Tbilisi, Georgia from July 28-31, 2023.

The residency, based in the picturesque village of Lakhushdi, in the mountains of the Svaneti region of Georgia, will take place at the Lakhushdi House of Song, a rustic music residency center run by a family of local musicians and artists. After two-and-a-half weeks in Svaneti, the group will travel to Tbilisi to share some of the work they have created during the residency.

The application is open to musicians and sound-makers from any musical discipline or background, including: traditional, experimental, hip hop, poetry, sound art, foley, composition, free improvisation, or anything else. Sound Bridge applications are open to any musicians ages 20-40 who are residents of Armenia, Georgia, or Türkiye. Working proficiency in the English language is required.

Fellows' travel, food, housing, and production costs will be fully covered by the program. Fellows will also receive a 1.500 USD stipend for participation in the program, and will be eligible for an additional 1.000 USD in funding for continuing projects.

Deadline: 24 March 2023
