About the Festival

ITSLIQUID Group, in collaboration with ACIT Venice – Italian-German Cultural Association, is pleased to announce the open call for [BORDERS ART FAIR 2025](#), an international exhibition of photography, painting, video art, installation/sculpture, and performance art, that will take place in Venice from May to August, 2025, at Palazzo Albrizzi-Capello ([click here](#) to learn more on this venue) and in other prestigious venues and historical buildings, during the 19th Venice Biennale of Architecture.

The last edition of BORDERS took place in Venice in 2023, presenting a great selection of more than 500 art works realized by 250 artists, coming from 40 countries. The 2025 edition will provide artists and exhibitors with the unique opportunity to present their works to an international audience of professionals

as curators, gallerists, collectors, editors and publishers who seek to acquire, publish and encourage the best contemporary art talents.

The festival focuses on the concept of “borders”, between the soul and the body, the human being and the urban space, the city and the ground. The festival analyzes the idea of human and urban borders, how people live them and how they are modified in contemporary society. Every human being lives in a world in which the limits and the borders shape their attitudes and behaviours, limiting freedom and creating a sense of alienation. The human being reacts by breaking the limits and finding a new way of life. ITS LIQUID imagines a world of “liquid cities”, where differences create new possibilities instead of being social barriers.

Humankind coexists at a distance to stay closer: the new invisible borders are creating new ways of living everyday life, new human connections, and re-thinking common spaces and entire cities. We invite artists, architects and designers to be inspired by this new era, exploring the connection between desires, needs, and fears that brings humankind to change, transform and evolve our inner world.
