MAKERSEXCHANGE | Open Call for Ukrainian artists and creatives mobility program

Are you a cultural and creative professional from Ukraine?
Are you trying to connect
– work – and
make a living through your
creative or artistic practices in a
new EU country where you have
relocated to because of war?

[MAX \(Makers' eXchange\)](#) project is launching a special support program for Ukrainian artists and creatives that had to leave their country because of the war. CCS professionals will be hosted in the creative hubs of ECHN around Europe. They will get access to coworking spaces of these hubs and 27 of them will get a grant of 1.000€ to help them with their mobility. Along this process, the hubs will assist creatives to find new job opportunities and blend into their creative community, aiming at their integration and professional growth. Beneficiaries of this project will share their stories, describing their professional successes and challenges.

What does the program offer?

- Access to the coworking spaces and facilities of creative hubs all over Europe
- Networking events with local creative communities to present your work
- Tailored help and direct support
- Financial support of 1000 euros to help you with your mobility (The applications will be processed on a first come first served basis).
