Mobility First! – ASEF Cultural Mobility Initiative 2021

In 2021, in response to the continuing restrictions on travel and physical gatherings due to Covid-19, Mobility First! will offer virtual collaboration grants to artists and arts managers from Asia and Europe to jointly create new works or texts.

Mobility First! – ASEF Cultural Mobility Initiative is a mobility grants programme that supports the mutual cultural practice of those working in the arts. Since it was launched in 2017, Mobility First! has supported cross-border mobility of over 300 cultural professionals between 48 ASEM countries.

This initiative aims to create opportunities for international cultural exchange and professional connections at a time of very limited face-to-face encounters. You can read more information and apply [here](#).
