Nordic Culture Point | Open Call Mobility Funding for Artists

CREATIVESUNITE

Co-funded by the European Union

Nordic Culture Point has published a travel funding for individual professional practitioners of art and culture in the Nordic and Baltic region.

Mobility funding part of the Nordic-Baltic Mobility Programme for Culture, which strengthens artistic and cultural cooperation in the Nordic region and the Baltic countries. The programme focuses on increasing the exchange of knowledge, contacts and interest in Nordic and Baltic art and culture. The Nordic-Baltic Mobility Programme comprises three forms of funding: Mobility funding, Network funding and Funding for artist residencies.

What is eligible for funding?
Mobility funding gives individual applicants access to contacts, expertise and knowledge from different parts of the region. Funding can also be used to present art and culture productions and to raise interest in Nordic and Baltic art and culture.

Mobility funding is available for professional artists' or cultural practitioners' travel and/or stay within the Nordic and/or Baltic countries, that is to say: Denmark, Estonia, Finland, the Faroe Islands, Greenland, Iceland, Latvia, Lithuania, Norway, Sweden and Åland.

The purpose of the trip can be:

- A collaboration with colleagues in another Nordic and/or Baltic country
- A guest play
- An exhibition
- Participation in a conference, meeting or workshop
- Research

Who is eligible to apply?
Funding is available for professional artists and cultural practitioners (such as curators, producers, literary translators, cultural editors or researchers) in all forms of art and culture. "Professional" means that there is documented experience of work in the field of art and culture and/or training in art or culture.

Mobility funding can only be granted to individuals. You cannot apply for funding for another person. If you apply as part of a group traveling together within the framework of the same project, all group members must submit individual applications. The user account that you create in our application system must be for an individual applicant in order to apply for mobility funding.

To be able to apply for mobility funding, the applicant must be a resident of the Nordic Region (Denmark, Finland, the Faroe Islands, Greenland, Iceland, Norway, Sweden, Åland) or the Baltic countries (Estonia, Latvia, or Lithuania), although the applicant does not have to be a Nordic or Baltic citizen.

How much money can you apply for?
Mobility funding applies to travel and/or stays of up to 14 days. The amount of funding is based on a fixed travel cost and/or a fixed allowance per day which is calculated according to the length of the stay and destination.

Although the stay can last more than 14 days, the mobility funding cannot cover more than that.

Deadline: 28 September 2023
