Organization: THREADs project

Who is it for: designers or craftspeople from Sweden, Finland, Norway, Iceland, Ireland

Read more and apply [here](#).

About the open call

Re-imagine Resources open call by [THREADs project](#) announces an open call for 3 designers or craftspeople from each NPA Region partner country (Sweden, Finland, Norway, Iceland, Ireland) to participate in the Re-Imagine Resources project. This programme invites professionals from fashion, textiles, product design, architecture, digital technology, and related creative disciplines to explore circular design processes to help extend the life and value of textile products, reduce waste, and prevent overproduction.

About the Project

Re-imagine Resources aims to:

- Promote Circular Design: Explore and apply circular textile/fashion design to extend product lifespan, reduce environmental impact, and raise awareness of sustainable practices.
- Foster Collaboration: Facilitate cross-border collaboration between designers to create innovative, sustainable solutions.
- Enrich Professionals: Offer workshops and masterclasses to enhance skills in circular, sustainable design.

What will you get

- All participants in Phase 1 will receive €1000 each for participation and the creation of all outputs.
- All participants proceeding to Phase 2 will receive an additional €2500 for participation and the creation of all outputs. Travel, accommodation and all expenses for the Sweden mobility will be covered by Re-Imagine Resources.

Eligibility

Applicants must be based in one of the partner countries (Sweden, Finland, Norway, Iceland, or Ireland) and legally entitled to work and travel within the EU for the full duration of

the programme. As this project is funded through the Northern Periphery and Arctic (NPA) Programme, preference may be given to applicants based in or actively working within the Northern Periphery and Arctic regions of these countries.
