Performing HEL | Showcase 2023

There's a showcase in Helsinki you don't want to miss!

Being held for the fourth time, [Performing HEL](#) showcase presents the most interesting Finnish performing arts for international and Finnish presenters and programmers. [The newly published program](#) for 2023 features 20 Finnish artists and groups. This year Performing HEL will turn the spotlight on individual artists and companies at different stages of their careers. The multi-disciplinary program consists of interesting works from work-in-progress pitches to a wide range of performances that are already touring internationally. The showcase takes place on Aug 31 - Sep 3 in Helsinki (at the same time as the largest arts festival in Finland, Helsinki Festival).

There are two ways how to participate in the upcoming Performing HEL:

- ONSITE, in Helsinki Aug 31 - Sep 03, which costs 50 EURO / person including the full program (onsite and online), snacks, lunch and refreshments + a ticket to public transport in Helsinki during the event dates.
- ONLINE from where ever you are (free of charge). Only part of the program will be available online.

As a "pocket-sized platform" the amount of onsite participants is limited. As a registered participant, you'll get immediate access to the participant list and can start setting up meetings with other professionals.

Event: 31 August - 3 September 2023, Helsinki, Finland
