PriFest - Prishtina International Film Festival 12th edition

CREATIVESUNITE

Co-funded by
the European Union

The event will be hold in a modified way to fit the Covid 19 situation, but will still try to support the audience and filmmakers.

Prishtina International Film Festival is an event happening in Kosovo's capitol Pristina in July every year. It is the only International Feature film and film industry event that happens in Kosovo. This year it will be its 12th edition, and the dates are 14-19 July. This year due to COVID19 situation, the festival will take place at outdoor venues - including three screening venues and one venue for few debates and sessions. The industry platform under the festival called PriForum will be organised online via zoom with various International experts of the film industry. While being very cautious and respectful to all the measures, the festival will set up venues where the audience will be able to enjoy the program free of charge this year. Find more information about the festival here.
