RE-OPENING NEW YORK CITY

NEW YORK CITY ARTIST CORPS MEMBERS ARE OFFERING 100+ FREE PUBLIC ENGAGEMENTS ACROSS THE CITY THROUGH THE END OF SEPTEMBER.

This month, New Yorkers can enjoy more than 100 free visual art, music, dance, theater, and multidisciplinary public programs being offered by members of the New York City Artist Corps. As the NYC Department of Cultural Affairs recently announced, over 3,000 artists have so far received support through City Artist Corps, helping to foster an equitable recovery that supports local artists and connects residents in every corner of the five boroughs with opportunities to participate in our city's unparalleled cultural life.
