RESEO | What's Next? Digital Tools in Creative Learning

The event will take place on Thursday 23th February 2023 online.

How are digital tools changing the way arts educators interact with their communities? How can the arts enable inclusion and narrow the digital gap? What does co-creation look like in the digital age?

Three years after the beginning of the Covid-19 pandemic, artists, educators and policymakers from the RESEO community and beyond are invited to explore these questions in the online participatory forum WHAT'S NEXT?, which will conclude the two-year international research project Mind the Gap.

The event will take place on Thursday 23th February at 14:00 online.
