About the New European Bauhaus Festival

The European Commission organises the third edition of the [New European Bauhaus Festival](#) in Brussels (Belgium) on 9-13 June 2026, and you can be part of it!

The NEB Festival 2026 will, among other topics, address the transformative power of democratic engagement in shaping more inclusive and sustainable communities. It will highlight how empowered citizens and local authorities can play an active role in creating their environments, with a particular emphasis on affordable housing as a cornerstone of democratic participation. In line with the NEB's core vision, the Festival will

be a space to reimagine our built environment, placing first life, then spaces, and then buildings.

The Festival encompasses four key pillars:

- Forum - a platform for engaging discussions and the exchange of ideas surrounding the New European Bauhaus.
- Fair - a laboratory and exhibition, highlighting projects and prototypes that align with and support the core values of the New European Bauhaus.
- Fest - a celebration that unites culture, art, and conviviality, serving as a moment of collective rejoicing, honouring freedom of expression and embracing radical, innovative, and disruptive ideas and visions.
- Satellite events - initiatives and events organised independently in Brussels and beyond, aligned with the New European Bauhaus values.
