Springboard with 3D Character Animation

Springboard is a series of webinars by Creative Europe Desk Munich presenting European training opportunities for the audiovisual industry.

The online seminar series Springboard by the Creative Europe Desk Munich presents the MEDIA supported training programme The Animation Workshop with the program [3D Character Animation](#) for animators, animation directors, CG artists, illustrators, designers, storyboard artists and other interested parties with experience in animation and drawing. This English-language event is offered in cooperation with the [Creative Europe Desk Denmark](#). Springboard MEDIA Training Opportunities' goal is to present various European trainings for audiovisual industry, in a form of online webinars due to the cancellation of industry events (festivals, markets) because of COVID-19, where the audiovisual professionals have the chance to network. Read more information and register until 24th September [here](#).
