

Research / Surveys All Europe Countries Performing Arts COVID 19

Survey on the situation of theatres in the EU Member States

KEA, together with PPMI, is carrying out a study for the European Commission Directorate-General for Education, Youth, Sport and Culture on the situation of theatres in the EU Member States.

This first of its kind EU-wide study on the theatre sector will result in a comprehensive mapping of its social and economic profile.

Who can answer the survey?

It will contribute to the development of the [European Theatre Initiative](#), which seeks to provide better support to the theatre sector at a European level.

The survey aims to collect responses across all EU Member States and looks to receiving responses from persons representing the following stakeholder groups:

- Individual theatre companies (theatre venues, production companies, groups or ensembles, festivals, etc.);

- Theatre professionals (artists, directors, technical staff, university lecturers, theatre education pedagogues, etc.);
- Education providing institutions (drama schools and academies, universities, informal learning institutions, etc.);
- Institutions representing the sector (associations, networks, policy institutions etc.) and other professional groups.

Take the survey [here](#). Respondents are invited to complete the survey by 30 April 2021.

Since 1999, [KEA](#) has been a pioneer in the field of culture and creative industry policy. KEA has consolidated its brand and reputation over the years as a result of a proven track-record of successfully concluded assignments and studies throughout the EU and in third countries (Albania, Georgia, China, Ukraine, Serbia, Russia, South Africa and Caribbean). KEA is expert to the European Commission, European Parliament, the Council of Europe, the European Investment Fund and World Intellectual Property Organisation. Over the years KEA developed and successfully managed projects in the context of Creative Europe, H2020, Interreg, DEVCO and External Actions.

[PPMI](#) works to provide research-based advice aimed at improving public policies and their management.
