Visual Arts Design & Fashion Architecture Events All Europe Countries Spain

Technarte | Looking for artists and technologists

Deadline to apply for the conference is 15 December 2022.

Technarte is looking for speakers to join this exciting event and share their vision of the fusion between art, science and technology!
Ever since its first edition in 2006, Technarte is the event where artists, designers and researchers from all around the world meet to share their vision of the fusion between art and technology in a close and friendly atmosphere.

The Technarte International Conference on Art and Technology will be held in Bilbao, Basque Country, Spain on May 19, 2023.

Topics of interest for the conference include, but are not limited to: Data art, Bioart, Robotic art, Human Computer Interaction (HCI), New media art, Artificial Intelligence (AI) art, Fashion & Technology, Immersive & virtual environments, Generative art, Interactive architecture.

Selected speakers get a free pass for the Technarte event, including conference, coffee breaks, meals and official dinner, and paid travel expenses up to 300€.
